

Cranky male pride

strophe 1

Oh what a cranky male pride
Oh what a cranky male pride
You feel strong in front of the weak
better think twice, you are the creep
Shut your mouth and eat your shorts
We are sick of all your toughguyshit...

bridge

All you fucking wankers go away from us
All you fucking wankers go away from us
All you fucking wankers go away ... hey hey
Good night cranky male pride

refrain

Hey all you rapists leave your snake in the basket
before we cut them off
Hey all you rapists leave your snake in the basket
before we cut them off

strophe 2

Hey you cranky guys help yourself
Hey you cranky guys help yourself
wrestle the tiger, fight in the cage
play with your muscles, shoot your gun
maybe go shopping, buy a big big car
Whatever you need to feel great and succeed ...

bridge

But don't forget to stay far away from us
But don't forget to stay far away from us
But don't forget to stay away ... hey hey
Good night cranky male pride

refrain

Hey all you rapists leave your snake in the basket
before we cut them off

Hey all you rapists leave your snake in the basket
before we cut them off
